PARK

175 Capacity
2,275 sq. ft.
Mezzanine: 504 sq. ft.

Renovated in the spring of 2017, Park is a minimalist's dream. Our largest space, Park offers industrial-chic touches amid a bright, open floor plan. It's a clean slate, ready to be transformed to fit wedding receptions, fundraising galas, and corporate dinners—or anything else a client can dream up.

CHRYSLER

80 Capacity
1,034 sq ft

The malleable Chrysler Room can be set up to accommodate a variety of events. Located adjacent to the Rockefeller Room and down the stairs from Monarch Prime & Bar, the Chrysler Room can comfortably host wedding receptions, business meetings, parties, and more. Of course, catering and bar options ensure each event dazzles.

ROCKEFELLER

40 Capacity
572 Sq. Ft.

Even John D. Rockefeller would approve of this stunning room. Bursts of white and silver mingle throughout the space under a glimmering chandelier. A handsome dark wood table sets the stage. It's intimate, yet still spacious. Perfect for private dining, business meetings, and small group conferences.

REDICK

50 capacity
858 sq. ft.

Sometimes it's better to keep things low-key. That's why the Redick Room is located on the seventh floor, making sure guests receive a bit more privacy. Intimate parties and group meetings will feel right at home here.
